

"...contraceptives are the greatest life-saving, poverty-ending, women-empowering innovation ever created."

-Melinda Gates, The Moment of Lift: How Empowering Women Changes the World

November 22, 2022

Dear Friends,

Thanks to your generosity, A Step Ahead Foundation of East Tennessee has provided access to contraceptives to over 150 individuals so far this year. With your help, women in our communities can decide when OR if they would like to become pregnant. On their behalf, thank you for your help.

Today, we embark on our Year-End Campaign. Investments like yours helps us serve women like Moriah. Moriah came to us after recently having her first child. She shared, "I'm trying to go to school and have a career in my life. I'm trying to be able to provide for the one [child] that I do have and I'm not trying to add anymore right now."

We're reaching out because you've already demonstrated your commitment to helping us serve women like Moriah. Would you be willing to make a special year-end contribution of \$50, \$100, or \$500 to help us continue to advance reproductive health equity for individuals in our region?

Clear evidence shows that investing in contraception saves lives, contributes to gender equality, and boost economic development. With your support, we can impact our community in a lasting way.

Please join us by making your gift on our website or by mailing in the remittance envelop included with this letter. Continue your investment in the lives of women in our region by helping them get a step ahead!

Thank you for your continued support.

Best wishes,

A handwritten signature in blue ink that reads "Taylor Phipps".
